Vegetarian Khao Soi by Away Chiang Mai Thapae Resort

This boutique hotel in town has a fascination with water, so much so that it's whole concept revolves around the pleasurable and natural nature of water. The restaurant, Moreganic, is part of the Away Chiang Mai Thapae Resort which has a main goal to ban animal abuse, with every dish carefully prepared using as few dairy products as possible, along with quality organic ingredients from the Royal Projects.

Khao Soi Moreganic is the dish to try. The meat has been replaced by all kind of grains including cashew nuts, red beans, peanuts and job's tears. The menu covers not only vegetarian main dishes but also soup, grill, sweets and drinks like the passion fruit pannacotta with organic berry salsa and strawberry compote.
